

COIN LAUNDRY SOLUTIONS

BLUEWASH

by Danube

Welcome to our Bluewash solutions specially designed for your laundry, offering a wide range of equipment with the best cost-effective features.

Water

Saving water is one of our main objectives so as not to waste it. Our washing machines offer an optimized design and programming as well as a unique accessory, the AQUABAC water recovery tanks to meet this goal.

Energy

Optimizing energy is an essential point in managing a laundry. Our machines have been designed with the objective to achieve greater energy savings.

Chemicals

Our washing machines have been designed with features that facilitate and ensure the most appropriate use of chemicals, providing greater savings and better care of garments.

Efficiency in self-service sector

Danube offers a wide range of machines that adapts to any self-service business and to go even further, we offer efficient solutions and Danube Online - lot communication for the remote management of your business.

The new DANUBE LAUNDRY app allows any users of the laundromat to book machines and pay for the service.

BLUEWASH

by Danube

SOLUTIONS

DANUBE LAUNDRY

BLUEWASH by Danube is a laundry concept with a functional and modern design that enable you to easily create and decorate your coin-op laundry.

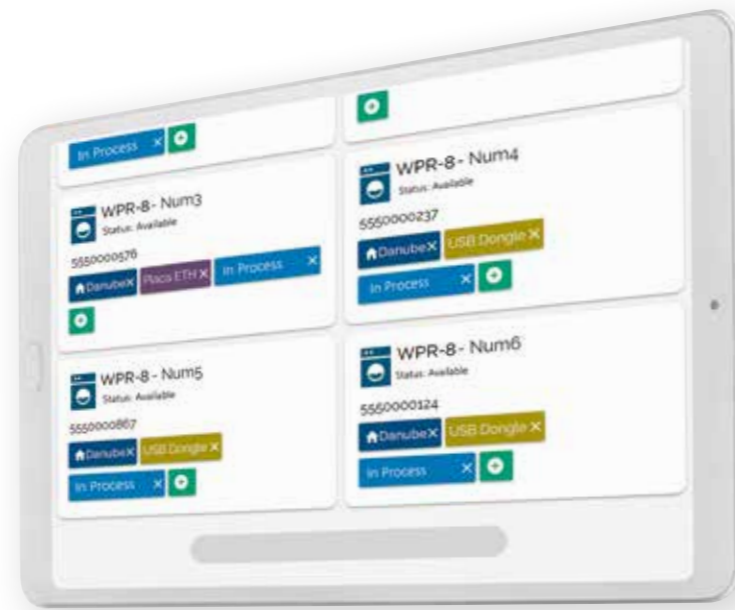

Several combinations of machines and accessories are available to perfectly adapt the dimensions of your facility and the volume of work.

DANUBE supplies the designs free of charge. Clients may size and print the vinyls at their own expenses.

PRICE LIST (2)			
WASHING	WASHING 5KG	WASHING 7KG	WASHING 10KG
	4€	7€	10€
DRYING	DRYING 5KG	DRYING 7KG	DRYING 10KG
	2€	3€	4€

A turnkey laundromat where you can find a complete proposal for the design and the services of your laundry shop.

Danube Online

Manage your business remotely. Configure your self-service laundry: opening hours, payment modes, discounts...

Control your machines remotely: programs, prices, settings, washing and drying telemetry...

[More on pages 12-15](#)

Signage

The most varied messages can be adapted to your space: opening hours, instructions, wifi corner, prices, etc.

Other laundry service

A complementary laundry service to people who don't have time to wash and iron: they can leave their clothes and the laundry staff will wash and iron their garments professionally.

Exceptional services

Possibility with ET2 dryers to dose and spray perfume in the final phase of the drying cycle.

Danube
Fragrance

Specific machines

Machines well suited for washing pets textiles.

Ozone cabinet

The DAN_O3 cabinets allow to DEODORIZE and SANITIZE all kind of clothes, accessories and materials that cannot be water washed by using ozone.

Helmets, jumpsuits, jackets, boots, hats, caps, toys and Teddy bears, bedspreads, pillows, curtains, pet beds...

Also ideal for highly elaborated clothing that cannot be water washed, dried or ironed

BLUECORNER

by Danube

Danube professional 8 and 10 kg washers and dryers are ideal for small self-service laundries.

Available to operate with a coin or tokens kit, with a central pay and with a mobile phone using the DANUBE LAUNDRY payment application (ET2 models only).

Applications

Cupboard designed to fit the dosing kit

D

Display to be customized by the owner

Kit of soap dosing pumps for washers

Dosing set for 2, 4 and 6 machines, with two chemical products. The signal from the machine program is used to activate the dosing set.

IMPORTANT: not all chemicals are compatible. For this reason, it is important to carry out tests in laboratory. We recommend to check with sales dept

PAYMENT SYSTEMS

The entire range of Danube washers and dryers is easily convertible from OPL to self-service version and can operate with a coins or tokens kit, with Danube Laundry App or by being connected to a central pay.

1 Coin / Token

in washers and dryers:
mechanical token, mechanical
or electronic coiner

2 External device

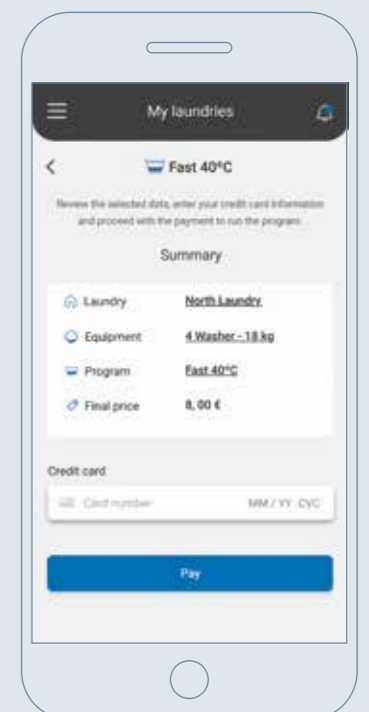

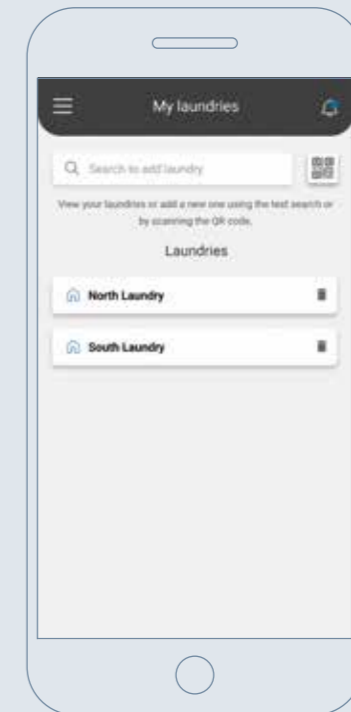

By means of an external
device that keeps the
communication with the
machines (ex. central pay)

3 DANUBE LAUNDRY payment APP

by means of our app or an external
one and Stripe to pay with your
mobile. Available on Android and
IOS free of charge.

DANUBE LAUNDRY

SELF-SERVICE APP

DANUBE LAUNDRY is the most comfortable option to operate from your mobile: choose the nearest store when you need a laundrette, select the machine and the program and once finished, pay with your mobile. In addition, you will have statistics of all your laundry and you can take advantage of promotions.

FOR THE USER

Offer the self-service APP to your customers:

With the self-service App, your customers will be able to find your laundrette, book and easily pay for the machines, both from the App and from the QR code displayed on the machine screen

Manage booking and payment in your laundry with confidence. Through the app you can:

- ✓ Find laundrettes and add them to your favorites
- ✓ Know the status of the machines in real time
- ✓ Book machines to wash or dry
- ✓ Pay through the APP
- ✓ Get notifications of the program when it is about to end
- ✓ View your operations
- ✓ Request and download your invoices
- ✓ Receive discounts and promotions

DANUBE LAUNDRY

FOR THE OWNER

Configure and manage your self-service laundry

(opening hours, program prices, payment methods, QR code, promotions, supply costs, etc.), so that your customers can find your laundry in the DANUBE LAUNDRY App

As the owner, configure and manage your self-service laundry to achieve maximum efficiency for your business.

Through the management platform, you can configure the following information about your laundry:

- ✓ Name
- ✓ Location
- ✓ Opening hours
- ✓ Booking and payment times
- ✓ Payment methods
- ✓ Supply costs (water, electricity, gas and chemicals)
